SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK  
ON LICENSE 050199611

REF: 2006 BLUE LANTERN GUIDEBOOK

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a post-shipment check on license 050199611 for the export of International Traffic in Arms (ITAR)-controlled machine gun weapon system components to Spain. Post is requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

13. Reason for request: No military foreign end-user is identified on the license for a commodity that appears to be intended for ultimate sale to a government military entity.

14. ACTION: The Department requests that Post contact end-user Eurocopter Espana in order to confirm that it received the items listed and that they will be used for the purpose stated on the license. In addition, Post is requested to inquire as to who will be the ultimate end-user of the CH-53GS helicopter on which the machine gun components will be installed. Finally, Post is requested to remind Eurocopter Espana that Department of State authorization is required for the retransfer or re-export of the components.

END ACTION.
